

Is the importation of less than 2,000 c.y. of Food/Food Processing Residuals for composting regulated by ANR or AAFM?

Must first be a Farm (predominantly devoted to farming & meet the threshold RAP criteria) independent of compost imports or sales.

are the residuals being imported onto a FARM for the production of compost?

NO

Regulated by ANR

YES

YES

Is the compost principally used ($x > 50\%$) on the Farm? (*requires active cultivation)

OR

(a) Does the Farm have # poultry per RAP 3.1 and have 4 acres? (Alt. can be a CSFO 10 or more acres w/ poultry #'s) (b) are the chickens part of the compost process?

E.g. an SFO w/ 100 laying hens

YES

NO

Regulated by AAFM

Regulated by ANR
